

Memory Tree

The oak tree is looking rather bare. Decorate the leaves below, cut them out and stick them on to your tree. Here are some ideas of how you could decorate your leaves:

- Colour them in. Use colours that represent how you are feeling.
- Write messages to your special person who has died.
- Write your favourite memories of your special person who has died.
- Draw on the leaves. You could include pictures of times you spent with your special person, or things that you would like to tell them about.
